

## Policy on Pass/Fail Courses

September 2025

### A: SAVE Courses

As per the 2K18 UG Curriculum, the 12 credits are allocated for SAVE (Sports, Arts and Value Education) courses. 2 Credits each for 3 areas. From Monsoon Semester 2025–2026, the following policies/guidelines shall be applicable for the SAVE courses. These course/credits cannot be earned during the summer or winter college breaks.

#### I - Sports

- 1) A total of 4 credits is assigned to sports credits.
  - a) The credits shall be split into four parts of 1 credit each and may be taken under the following areas. More details are given in **Appendix-1**.
    - PT/Games
    - Yoga
    - Martial Arts
  - b) Every student must take 1 credit per area (1 credit of PT/Games, 1 credit of Yoga and 1 credit of Martial Arts).
  - c) The 4<sup>th</sup> credit may be a choice from any of the three areas.
  - d) It is expected that each student completes 1 credit per semester, in the four semesters.
- 2) Students are expected to finish all four credits by the end of their 4<sup>th</sup> semester. Students in the lateral entry program are required to finish the 2 Sports credits by the end of their second semester.
- 3) Students registering for one credit must attend three sessions per week (one hour per session) regularly throughout the semester.
- 4) If a student does not complete the Sports Credits by the end of his/her fourth (third, for lateral entry students) semester, he/she shall not be allowed to register for full academic load in the subsequent semesters till he/she finishes the Sports Credits. Further, the student shall not be allowed to graduate without completing the sports credits.
- 5) The Sports Credits are not interchangeable with academic credits and must be satisfied independently. For example, they will not be counted towards Grade Point Averages in any way and cannot be used to satisfy any minimum academic credit requirements or vice versa.

- 6) The grade for the course shall be given as Pass/ Fail (P/F). The grade shall be based on attendance and other criteria established for the respective activities by the Physical Education Center.
- 7) A minimum of 85% attendance for boys and 80% for girls is required to pass each of the sports credits. This allows for limited absences due to minor illnesses, injuries or other short-term issues. Students should not apply for leave for such reasons, as the attendance requirement already accounts for them.
- 8) Students may apply for additional leave (maximum of 6 sessions) in the case of serious medical problems (e.g. surgeries, hospitalization, prolonged illness). Such leave must be approved by the Academic Office/Dean (Academics).
- 9) If the actual attendance falls below 65% (boys) or 60% (girls) due to serious medical problems, the student is not eligible to continue in the course, regardless of medical approval. In such cases, the student must withdraw from the course or an F grade will be awarded.

**Example:** A male student attends 24 out of 38 ( $\approx 63\%$ ) sessions and seeks medical leave for 8 missed sessions. Even though the leave may be valid, actual attendance is below 65%, so the student is ineligible to continue.

- 10) Students who fail to meet the minimum attendance requirement (85% for boys, 80% for girls), and do not have approved medical leave for serious issues to compensate for the shortfall, will receive an 'F' grade.
- 11) Students who represent the institute in various games, and who are on the probable list, can avail the practice sessions towards attendance of the specific PT/Games upon approval.
- 12) A maximum of 4 days of leave per semester may be granted, upon approval, for participating in sports events representing the Institute. Any additional leave required should be taken from the standard leave allowance.

## II Arts

- 1) A total of 4 credits is assigned to Arts courses. These credits shall be split into Arts-1 and Arts-2 (2 credits each) and may be taken under the following activities. These courses will be offered in 1st and 2<sup>nd</sup> semester. Based on the strength of each activity, the classes will be conducted in 1<sup>st</sup> half of the semester or 2<sup>nd</sup> half of the semester.

Currently the following activities are offered. More details are given in **Appendix-2**.

- Collage
  - Painting
  - Presentational Movements
  - Raaga & Rhythm
  - Sculpture
- 2) Students are expected to finish all four credits by the end of their 2nd semester.

- 3) Students who are recommended for English course based on the Diagnostic Test conducted during the reporting time must do English in lieu of Arts-1 course. They have to earn remaining credits from Arts-2 course.
- 4) The grade for the courses shall be given as Pass/ Fail (P/F). The grade shall be based on attendance and work submitted throughout the semester to the respective area faculty.
- 5) A minimum of 85% attendance is required to pass each of the Arts courses. This allows for limited absences due to minor illnesses, injuries or other short-term issues. Students should not apply for leave for such reasons, as the attendance requirement already accounts for them.
- 6) Students may apply for additional leave (maximum of 2 sessions) in the case of serious medical problems (e.g. surgeries, hospitalization, prolonged illness). Such leave must be approved by the Academic Office/Dean (Academics).
- 7) If the actual attendance falls below 65% due to serious medical problems, the student is not eligible to continue in the course, regardless of medical approval. In such cases, the student must withdraw from the course, or an F grade will be awarded.

**Example:** A student attends 6 out of 13 ( $\approx 63\%$ ) sessions and seeks medical leave for 2 missed sessions. Even though the leave may be valid, actual attendance is below 65%, so the student is ineligible to continue.

- 8) Students who fail to meet the minimum attendance requirement of 85%, and do not have approved medical leave for serious issues to compensate for the shortfall, will receive an 'F' grade.

### **III – Value Education**

- 1) A total of 4 credits is assigned to Value Education courses. These credits shall be split into Value Education-1 and Value Education-2 (2 credits each).
- 2) Students are expected to finish all four credits by the end of their 4<sup>th</sup> semester. These courses will be offered in 1<sup>st</sup> and 4<sup>th</sup> semester.
- 3) These courses will be conducted in smaller groups, and a faculty mentor will be assigned.
- 4) The grade for the courses shall be given as Pass/ Fail (P/F). The grade shall be based on class participation, submissions of assignments and any other tasks assigned by the faculty mentor(s).
- 5) A minimum of 85% attendance is required to pass each of the Value Education Courses. This allows for limited absences due to minor illnesses, injuries or other short-term issues. Students should not apply for leave for such reasons, as the attendance requirement already accounts for them.
- 6) Students may apply for additional leave (maximum of 2 sessions) in the case of serious medical problems (e.g. surgeries, hospitalization, prolonged illness). Such leave must be approved by the Academic Office/Dean (Academics).

- 7) If the actual attendance falls below 65% due to any reason, including serious medical problems, the student is not eligible to continue in the course, regardless of leave approval. In such cases, the student must withdraw from the course, or an F grade will be awarded.

**Example:** A student attends 6 out of 13 ( $\approx 63\%$ ) sessions and seeks medical leave for 2 missed sessions. Even though the leave may be valid, actual attendance is below 65%, so the student is ineligible to continue.

- 8) Students who fail to meet the minimum attendance requirement of 85%, and do not have approved medical leave for serious issues to compensate for the shortfall, will receive an 'F' grade.

## **B: Workshop Courses**

**Preamble:** Dual degree students are required to complete the following workshop courses (1&2) as per their curriculum. These are conducted during the Monsoon/Spring semesters which are having final evaluations. These are 0-credit courses graded with "P-Pass or F-fail" letters.

### **0. Writing for Research Communication Workshop**

#### **1. Technical Writing Workshop (TWW) (OC4.101)**

#### **2. Thesis Proposal Writing Workshop (TPWW) (OC4.201)**

**Syllabus/content/evaluation process of these workshops will be shared by the respective faculty / Academic office during the workshop.**

**The following conditions are applicable for doing the above workshops:**

- Workshop dates/periods will be announced along with the Academic Calendar.
- In-person attendance is compulsory to attend all the sessions.
- Semester registration is mandatory to attend these workshop sessions.
- If a student is unable to attend due to various reasons, they must complete these workshops in the next offering/semester.
- Leave rules are not applicable for these workshops.
- Successful completion of RCW is pre-requisite for TWW.
- Successful completion of TWW is pre-requisite for TPWW.
- The course completion will be indicated in your transcript for TWW and TPWW only.

**Date: September 24, 2025**

**Sd/-  
Dean (Academics)**

**Important points**  
**(May change from semester to semester)**

Students are allowed to opt for the following as part of PT/Games:

As part of PT/Games, students are required to do General Exercise, jogging etc. (known as Physical Training) in conjunction with any one sport from the below:

Gym (Boys and Girls)  
Basketball (Boys and Girls)  
Football (Boys and Girls)  
Badminton (Boys and girls)

Hockey (Boys and Girls)  
Table Tennis (Boys and Girls)  
Volleyball (Boys and Girls)  
Lawn Tennis (Boys and Girls)

The maximum number of students allowed in the above games will be announced at the beginning of each semester. Availability of a particular game may change from semester to semester. The session may be scheduled either in the morning or in the evening depending on the availability of activity in-charge.

**Activity timings (subject to change):**

PT/Games/Yoga/Gym from **6:30 AM to 7:30 AM** and **5:30 PM to 6:30 PM, 6:45 PM to 7:45 PM**.

**Slots per week:**

Slot 1- Monday, Wednesday & Friday ; Slot 2-Tuesday, Thursday & Saturday

**Please note the following:**

1. The primary point of contact for PT/Games and Martial Arts-related issues (including requests for shifting/exemption due to health or academic reasons) is the head of PEC/physical education instructor. For Yoga-specific issues, the primary contact is the Yoga instructor.
2. Number limits put are due to constraints – infrastructure capacity as well as availability of instructors. In this context, currently the Badminton facility is available only for girl students.

We hope that students will do **“Sports Credits”** with the goal of training their body/mind and improving health. These skills will serve you well throughout your life.

\*\*\*

## Appendix-2

**Raga and Rhythm:** This course emphasizes understanding the nuances of sound and timing, the basic concepts of any system of music in the world. The students are made to learn different songs, melodic exercises, and rhythmic exercises with a focus on concepts of Indian music and are exposed to the logical elements of the art form in general. The unique concepts of Indian music, raga and tala are introduced to them to make them realize the depth of this system of music and its connections to various branches of study. The introduction of these elements through personal demonstrations, presentation of audio, and videos of acclaimed artists, intends to attract their attention towards the artistic sensibilities, creativity, and discipline in life.

**Painting:** The course's primary focus is to help students express their ideas and feelings through lines and colors. For this basic drawing and painting skills will be taught to the students in the class. The students will also be given different tasks like oral and visual storytelling, creating logos, symbols, and portraiture. Through these tasks, the student will understand different ways of visual thinking.

**Dance (Presentational Movements):** The course informs the students about the significance of dance, and the training involved to perform the dance movements. The course instructs about basic stretches and fundamental movements of the dance of various Indian dance forms. The knowledge about various dance forms of India and the significance of the dance forms in the past and present is discussed. The course helps the students to compose movements and dance their individual units of movements they create out of the instructions and assistance received. In the course, the emphasis point on evaluation is not based on the dancing skills of the students but on their participation in the session in progress.

**Sculpture:** The course deals with understanding three-dimensional form and creativity. Clay modelling is a great activity that helps students develop in many ways, like self-expression and creativity. In this course, students are taught to make sculptures out of clay. Through this, I try to connect them to nature. The students get a personal experience of the texture of clay, which is an important part of understanding nature. In this course, they will learn how to use different materials to make art.

**Collage:** Collage is not just a compilation of photos that we create to share on social media. It's an art form where one assembles images from a magazine or newspapers or photographic images, maps, diagrams by cutting pasting or painting or drawing over it to create a unique composition. Artists have manipulated mass produced images to comment on or question body images and narrow beauty standards, gender stereotypes, consumerism, racism and much more. The aim of this course is to equip students with visual tools to explore the possibility this medium offers through a set of exercises. Students will learn to express their ideas or imagination through the process of selection and deduction and addition
